

I am a listener to K-LOVE radio on 100.1. It is an inspirational radio station and many times it helps when one is a bit depressed. It would be a disservice to all the thousands of listeners is replaced by LPFM.K-LOVE is a part of the community and I feel you take away too many things from us when you go to other forms of broadcast. There are many shut-ins that need K-LOVE so please do not change this to LPFM. Thank You
